

BIOTECHNOLOGY DAYS 2009
EAST MEDITERRANIAN UNIVERSITY, ADANA
BIOTECHNOLOGY APPLICATIONS IN PHARMACEUTICALS AND COSMETICS
DRAFT PROGRAMME
29 April 2009

- 08:30-09:00 Registration
- 09:00-09:15 Opening
- 09:15-09:45 Genetic Engineering and its Current Applications
Prof. Dr. Kıymet Aksoy
Çukurova University, Gene & Embryo Engineering Research & Application
Centre
- 09:45-10:15 **University - Industry Cooperations in Biotechnology**
Dr. Selcuk Özceada
Bosfor Bioscience Partners
- 10:15-10:30 Break
- 10:30-11:00 Tissue Engineering and its Applications
Assoc. Prof. Dr. Tamer İrfan Kaya
Mersin University Medical School, Division of Internal Medicine, Department
of Dermatology
- 11:30-12:00 Use of Microculturing in Diagnosis
Prof. Dr. Adil Allahverdiyev,
Yıldız Teknik University, Division of Bioengineering
- 12:00-12:15 TBA
- 12:15-12:30 TBA
- 12:30-13:30 Lunch and Poster Presentations

- 13:30-14:00 The effect of Transgenic Plants on Human Health and the Environment
Prof. Dr. Serpil Ünyayar
Mersin University, Faculty of Science
- 14:00-14:30 Use of Biotechnology Products of Fungi Origin in Pharmaceuticals and Cosmetics
Assist. Prof. Dr. Ali Ünyayar
Mersin University, Faculty of Engineering
- 14:30-15:00 Use of Biotechnology Products of Plant Origin in Cosmetics
BİODER Ltd
- 15:00-15:30 Biosensors and Their Applications
Assist. Prof. Dr. Nazlı Dinçer Kaya
Mersin University, Faculty of Pharmacology, Department of Analytic Chemist
- 15:30-15:45 Break
- 15:45-16:16 Stem Cell Applications
- 16:15-16:30 Complications in Stem Cell Applications
Consultant Biologist Mehmet Berköz
Mersin University, Faculty of Pharmacology, Division of Pharmaceutical Technology, Department of Pharmaceutical Technolgy
- 16:30-16:45 TBA
- 16:45-17:00 Legal and Ethical Perspectives of Application of Biotechnology in Human Healthcare Uygulamaların
Yeşim Şahin
Mersin University, Faculty of Pharmacology, Division of Pharmaceutical Technology, Department of Pharmaceutical Technolgy
- 17:00-17:15 Stem Cell Applications
Assist. Prof. Dr. Ebru Derici
Mersin University, Faculty of Pharmacology, Division of Pharmaceutical Technology, Department of Pharmaceutical Technolgy
- 17:15-17:45 New Developments in the Traetment of Diabetes: Transplantation of Encapsulated Cells
Assoc. Prof. Nefise Özlen Şahin
Mersin University, Faculty of Pharmacology, Division of Pharmaceutical Technology, Department of Pharmaceutical Technolgy
- 17:45-18:00 Close
